KAPINGAMARANGI HANDICRAFTS
COOPERATIVE ASSOCIATION

Dear Mr. Kane:

This is the short letter to inform you some news about our services. I am really sorry that I never write to you in the past, so you will hope that people on the Islands are still working on your sailing mats.

Last trip in the earliest of Oct, I received twelve rolls of sailing mats from Kapingamarangi. It had 16"x48" ~~123/48~~ (123/48 40') estimate. They are worked slowly because its made by the old women, so the women who were from 18 to 59 years old doesn't know how to weaving this kind of made, it is also difference weaving from the one they know how to make now. This kind of weaving of the sailing mats is different, that why the old women working on that.

When I received those twelve item they enclosed one letter, it mentioned about the price to raise up because it very hard to the old women to do so, and also maybe after those women died there is nobody knows how to weaving old sail on Kapingamarangi. Hope the some of the women will trying to learn how weaving by them, but am not sure. May be yes. According to the price, they are interesting to raised up 75¢ per square foot. This price are not proved but we all of us will decide with this price to cooperate with us in the further, the problem now is the old women who worked on this order now, they are really hard to go around for looking for the bandanus leafs, that why I understod for their s 75¢ per sq. ft. If you don't accept this price and you will decide by 50¢ up to 75¢ what you want and let me know as soon as you send a letter to us. I it is very fine to on this price. Again would please let know how many rolls of sailing mats you order and you will figure how much money you can spend on that those items.

Also, I would like to ask you that you can send a check with your letter to cover the whole order will complete, and I will send them to the Islands, so that the old women will working in the happiness, hope the other people will help them and also it will be fast than before. If you send the money order will payable to me at [redacted], Ponape, E.C.I.S. 96941.

Please tell me how rolls your are really needed, twelve is already and how many more??. May be I will send those item that have at the end of this month.

Truly yours,

DETURO H. DIKEPA

PORT OF HNL

DATE 11/14/70

Herb Kawainui Kane

Honolulu HI 96821

A mail shipment consisting of 1 packages containing sailing mats addressed to you by

(Name and address of foreign shipper)

has been delivered to this office for customs clearance without an invoice. We regret that customs clearance must be delayed, but without an invoice we are unable to determine the proper amount of duties or taxes due on this shipment. As soon as you furnish the invoice, we will process your shipment promptly. Please ~~return~~ mail this notice with the invoice.

We will be able to give you better service on future shipments if you will follow these suggestions:

1. When placing an order with a concern in a foreign country, always request that an invoice in English accompany the merchandise when it is shipped.
2. If the shipment will consist of more than one parcel, ask the foreign shipper to mark each parcel plainly and conspicuously, near the address label, with the parcel number and the total number of parcels in the shipment. Also, it would help to expedite delivery if a copy of the invoice is placed inside each parcel or is put into an envelope securely attached to the outside of each parcel. (For shipments of 4 parcels or less, this should not be a burden on the shipper.) It frequently happens that all packages of a shipment do not arrive at the same time. If we have an invoice for the packages received, it generally would not be necessary to hold these packages until the remainder of the shipment arrives. It is important, of course, to have the shipper state the contents and value of each parcel on each copy of the invoice.
3. If you know the United States tariff paragraph number and the rate of duty applicable to the merchandise at the time you place an order, ask the foreign shipper to show this information on the invoice.

We will be glad to furnish any other information you may desire to help expedite customs clearance of your mail importations. Please address your requests to:

trade inquiries invited
Suite 801, 2609 Ala Wai Blvd. Honolulu, Hawaii, U.S.A. 96815

Dear Les.

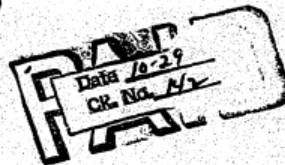

I've ordered things from Deturo before when I had the Tonga South Pacific Company, and although he slow and frustrating sometimes, as in this case where he did not send samples or even tell us that the matting was being made, he has always been honest and trustworthy in the long run. So let's take a chance and send the money.

If the sail matting is not up to our standards I will take it, and refund the Society.

The rather plaintive note to the letter is occasioned by the fact that drought has really brought poverty to that little Polynesian island.

Kapingamarangi Handicrafts Association
Mr. Deturo H. Dikepa
P.O. Box 176
Ponape, Eastern Caroline Islands, 96941

Dear Deturo,

Thank you for your letter of October 17.
I am sorry that the order has been completed before we
have had an opportunity to see a sample of the sail matting.
The twelve rolls you say has been completed is all we will
need. Because I did not hear from you I ordered some
sail matting made in the Gilbert Islands.

I understand that because of lack of rain on Kapingamarangi
the pandanus has been difficult to get. Therefore I
believe that 75¢ per square foot is a fair price.

I understand that each roll is 16"x480". This makes
53.33 square feet per roll.
Twelve rolls of this size make up 640 square feet.
At 75¢ per roll this comes to \$480.00

I am, by copy of this letter, requesting that our
Treasurer, Mr. Les Warren, send you a check now for
\$480.00 payable to yourself, Deturo H. Dikepa, [REDACTED],
Ponape, E.C.Is., 96941.

I request that you send this order, in a tightly rolled
bundle, by air freight collect.

The freight notice should be sent to myself and the
order addressed to: Herb Kawainui Kane, Vice President
Polynesian Voyaging Society

[REDACTED]
Honolulu, Hawaii 96821
Telephone on arrival [REDACTED]

I will write to you if we require more sail matting.
Dr. Emory would be very pleased to hear from his friends
on Kapingamarangi.

Aloha nou,

Herb Kawainui Kane, V.P.

Sandy Maile, Exec. Director
Polynesian Voyaging Society

Dear Sandy,

One box containing one roll of lauhala sail matting from Kapingamarangi arrived at my house, sent by Mr. Deturo Dikepa, P.O. Box 176, Ponape, ~~Ex~~ Eastern Caroline Islands, 96941, Manager of Kapingamarangi Handicrafts Co-op.

The size of the roll is 53 square feet. We are expecting a total of about 600 to 640 square feet in rolls of varying lengths, 16" wide, from which we will make up the sails of the canoe we are building for the Bicentennial (U.S.) Event, the voyage to Tahiti and back.

The crossed-out notation referring to "1 box inadvertently released" at the bottom of the NOTICE TO IMPORTER OF SHIPMENT HELD FOR INVOICE may refer to the box I recieved in the mail. Evidently Dikepa is sending all via parcel post.

Dikepa has not sent an invoice. Therefore I suggest that the letter from him requesting payment, which I believe was at 75¢ per square foot, might be submitted as an invoice for this material. If this is not acceptable to Customs Mail Branch, then we must write to Dikepa for an invoice.

Hope you can follow through on this. Call if you have questions.

Aloha,

Herb Kawainui Kane, Vice President
Polynesian Voyaging Society
