

This information will be received in Honolulu and then relayed to the offices of Advertising Factors, Inc., where a trained professional will make it available to all interested news media.

With the help of Lyn Peters and Fred Cachola, complete voyage information will be related to PVS 'ohana via a special code-a-phone recording that may be reached by dialing [REDACTED]. This information will be updated each morning as soon as possible.

In addition, a weekly position report will be marked on a special diagram sheet which the agency has designed. This will be updated and distributed by Lyn Peters and Fred Cachola to interested school and larger community groups and donors. The Honolulu Star-Bulletin will also publish an updated version of this diagram as often as space will allow.

To summarize, all media queries will be coordinated by the agency contact, Mr. Larry Baer - [REDACTED]. All private queries will be coordinated by the PVS Office, Lyn Peters, and Fred Cachola.

Mahalo and Aloha.

P.V.S. mty. 5/7/76

Dudley Gray - Ikshulla's position as of today
has proven her "windward" ability; in
4 days (maintaining ^{wind} ~~course~~) she will cross
5th meridian of Tahiti.

The most important question has already
been answered - not drifting or sailing
downwind only

1st day 50 mi. east

2nd day 45 " "

3rd day 40 " "

300 nautical miles north, ~~30~~ 230 nautical
miles east.
