August 31, 1978

Dear Marlene;

We would like to express our sincere gratitude for your participation and help in our past Ho'ike Kauwela at He'eia State Park. It was grandly received by the community and the turnout was larger than anticipated. It took a lot of hard work but we were all proud of the finished product. We are happy to say that we have a "living" park here at He'eia and it's because of people like you that we are able to claim this distinction.

We hope programs such as the workshop and lecture series are able to continue here at the park and are looking forward to other new and innovative programs.

Once again mahalo for all your help and we hope to be able to call on you in the future for any other information or help.

'O makou me ka ha'a ha'a,

To: Board members of the Polynesian Voyaging Society

In past years our community, comprised of smaller valley areas from He'eia to Kualoa, has put together the annual Kahalu'u Country Fair at Kahalu'u Elementary School to draw our rural people together and raise funds to support the Ka Lama Community Newspaper and operate the Community Center located on Waihe'e Rd. This year we are planning a celebration of a different sort - one which we feel will more clearly express the unique rural character of our whole area and in a way that recalls the long standing, ancient values attached to community consciousness; we are calling this celebration the Kualoa-He'eia Makahiki, to be held on Saturday, Sept. 23, 1978 at Kualoa Regional Park. In keeping with the spirit of the Makahiki season, plans for a lot of entertainment (games, canoe races, hula, music, arts, crafts, exhibits, and food) are well under way. This same spirit brings us to you, the Voyaging Society.

We understand that the Hokule'a may be operable once again by late September, with plans to stay in Hawai'i, touring between islands. May we hereby invite you, and the Hokule'a, to consider joining us out at Kualoa, Hokule'a's original launching site, to celebrate the coming of the Makahiki season. The canoe's presence would be an inspiration and much appreciated by the people of He'eia to Kualoa and beyond. We would appreciate your kind and speedy attention to our proposal, Mahalo.

Perhaps rides?

The PVS is welcome to contact us re: setting  
up an exhibition booth to show the books etc. you've  
put out.

Any questions you have, please contact either
