

SPEAKER'S BUREAU REPORT

During the past school year the Polynesian Voyaging Society was able to service a large number of students in Hawai'i's schools via the Speaker's Bureau. Members of the crew spent countless hours making presentations. These presentations have utilized films, slides, models and other audio and visual materials. In addition, an overview of Polynesian Voyaging and the Hōkūle'a was presented to many community groups and organizations.

The scheduling of schools and community groups has been an ongoing process which has resulted in an avalanche of requests for presentations. The large number of requests exceeded our capacity to make classroom presentations when requested. However, the number of requests do indicate that Hōkūle'a has had a lasting effect on the people of Hawai'i. The Speaker's Bureau has had a successful year and the requests for presentations for the present school year are coming in but cannot be met with the present manpower situation.

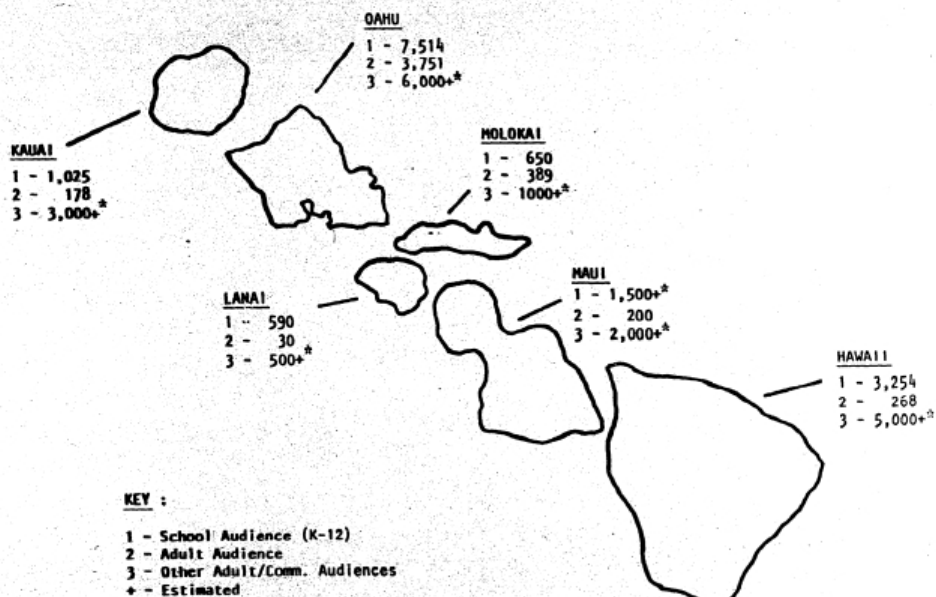

Enclosure 1 shows the totals for target audiences that the Speaker's Bureau was able to service last school year. The total figure shown only represents about 80% of all figures recorded and do not reflect any onboard visitations to the Hōkūle'a. Also represented are target audiences serviced on the Neighboring Islands.

Target Audience Figures*

Total Elementary Audience	= 6,369
Total High School (+ Interm) Audience	= 6,094
Total College/University Audience	= 370
Total Community/Organization Audience	= 3,908
Total School (K-12) Audience	= 12,463
Total Adult Audience	= 4,746
Total Audience (all ages)	= 17,209

*During the summer Hōkūle'a visited the neighboring islands of Hawai'i, Maui, Lāna'i, Kaua'i and Moloka'i. Crew members estimate servicing an estimated minimum of 15,000 youngsters and adults during this period.

Target Audience Figures by Island

CANOE VISITATIONS

The mission of the Hōkūle'a was one of being used as a teaching aid or 'floating classroom' during the past year. Canoe visits with commentary and explanation by crew people took place on all Islands. The Hōkūle'a will have visited all of the Neighboring Islands by the end of this summer.

Community response has been outstanding and all indications show that this type of usage of the Hōkūle'a should be continued. During the interisland trips new crew were introduced to the Hōkūle'a and this type of practical learning experience should be continued.

Under the leadership of select individuals, several training workshops were conducted during the year. As an example, Nainoa Thompson conducted sailing and training workshops at the Hawaii-Kai area during certain weekends. (See 'Hōkūle'a Training Program')

ARTMOBILE - DEPARTMENT OF EDUCATION

The Artmobile contracted the Polynesian Voyaging Society to develop a special exhibition on voyaging for presentations to schools on O'ahu, and possibly other schools on the Neighboring Islands during this past and the next school year.

Under the direction of Rowena Keaka, and with the design and planning of Mikilani Ching, the Artmobile was outfitted to reflect the theme of Hōkūle'a and Polynesian voyaging. During the second semester of the past school year the Artmobile visited a number of schools on O'ahu. On Kamehameha Day, June 11, 1977 the Artmobile was the center of attraction following the parade. It was open for display at Kapiolani Park and was visited by hundreds of children and adults.

The Artmobile plans to continue the same theme the next school year and will be under the direction of Rowena Keaka, Specialist with the DOE. The DOE will assume full responsibility for its theme, including maintenance and scheduling for the year. (The above is presently being carried out as proposed.)

TAPE/SLIDE PRESENTATION

The Education Committee is in the process of producing a tape/slide presentation on the Hōkūle'a experience and Polynesian voyaging. The script has been completed and the entire package hopefully will be available sometime during the next school year. The script is presently being condensed so that the tape/slide presentation will be about a 30-minute presentation that can be utilized within the classroom.

A number of tape/slide sets are envisioned so that more teachers will be able to supplement their studies of things Hawaiian, especially the resource curriculum guide on Polynesian voyaging that was developed by the PVS.

NATIONAL GEOGRAPHIC FILM

Under the arrangement with the National Geographic Society, five prints of the film "The Voyage of the Hōkūle'a" were given to the Polynesian Voyaging Society. One of the prints was presented to the Kamehameha Schools/Bishop Estate from the Polynesian Voyaging Society.

Since the national television broadcast and the movie screenings last January, the films have been made available on a loan basis to schools and other organizations on all Islands.

Two other films are also available from the Polynesian Voyaging Society. One is the "Launching of the Hōkūle'a" at the Kualoa area, and the other is "The Coming of the Polynesians" which was donated by George Tahara. The first is a 30-minute film of which the PVS has a number of copies; the latter is a 10-minute film. The PVS should obtain one more copy of the 10-minute film because of the demand for it.

Ms. Janet Ohta
LEeward CURRICULUM

Waipahu, Hawaii 96797

Dear Ms. Ohta:

Ms. Marion Lyman-Mersereau, crew member on the 1980 voyage to Tahiti, will be the guest speaker at your Energy Workshops to be held on the following dates:

Saturday, October 31
Contact: Ms. Florence Asato
9:00 - 10:00 A.M.
Moanalua Intermediate School
Mahiole Street

Saturday, November 7
Contact: Janet Ohta
10:00 A.M. - 11:00 A.M.
Pearl City Highlands Elementary
1419 Waimano Home Road

Mahalo for calling upon us to share our knowledge with you on food drying, and I am sure that Ms. Mersereau would be more than happy to answer any questions that your group might have on the voyage of Hokule'a.

Me ke aloha pumehana,

Marlene Among
Administrative Assistant

cc: Florence Asato
Marion Mersereau

October 15, 1981

Aloha Marion,

The dates for the food drying presentations are as follows:

Saturday, October 31
9:00 A.M. - 10:00 A.M.
Moanalua Intermediate School
Mahiole Street
Honolulu 96819

Contact: Ms. Florence Asato

Saturday, November 7
10:00 A.M. - 11:00 A.M.
Pearl City Highlands Elementary
Waimano Home Road

Contact: Janet Ohta

The presentations are directed towards teachers and for each session there should be around 25 ~~teachers~~ ^{teachers}.

At the Board meeting, remind me to ask Moku to loan you her food drying boxes and I will bring the recipes for drying certain foods.

Thanks again for your help.

Love,

P.S. ~~Toiiki~~ ^{Toiiki} go are apartment. It really is decorated like Marion Lyman-M. Hard to tell, you paddle and sail!

Homer Hayes
Director, Polynesian Voyaging Society
c/o Hayes Guard Service
1019 University Ave., Suite 5A
Honolulu, Hi. 96826

Dear Sir:

Please accept my thanks and a mahalo nui from the class I teach at the Hawaii State Senior Center. The course is HIST 030, Introduction to Hawaiian History, and your talk to us about the ancient Polynesian voyaging techniques was most appropo and appreciated.

The "makule" folks at the Center ask me all the time to have the experts like yourself come and talk, and you really did talk to us. The information you passed along was not all known to us, especially the significance of the "Kane-Kansloa" line for navigation out of the island chain. That is really powerful information, and it has triggered discussion in the class as a positive response to your visit.

Give my best regard to the ohana of Hokule'a and Captain Gordon Pianaia. Our family wishes all of them good luck, aloha nui kakou, on the voyage to Tahiti.

Sincerely,

C. Dewey Caldwell
C. Dewey Caldwell
Instructor in History

P. S.

I am returning the Speaker's Bureau Request Form to you that Marlene has sent to me. I assume it is for the PVS files, I don't really know, and thanks again for your efforts on our behalf.

presentation describing the initial planning, organization, financing.
building of the canoe and what we are presently doing.

January 9, 1980

Ms Marlene Among
Polynesian Voyaging Society
1355 Kalihi St

Dear Marlene:

Thank you for your help in engaging Michael Tongg to speak to the Pearl City Lions Club at a dinner meeting on Wednesday, January 16th.

As previously discussed, we will have a 16mm projector and a screen available for the film to be shown.

Mr Tongg will have about 30 minutes to speak after the film is shown to be followed by questions from the members.

Our members will be most interested in the initial planning, organization, financing, the building of the canoe and of course the trip itself.

The place of the meeting is at the Kabuki Restaurant in the Waimalu Shopping Center on Kam Hwy and the time is 6:30 PM.

Again, thank you so much Marlene, and we will be eagerly looking forward to meeting Michael Tongg.

Mahalo,

Kenneth Mau

Re.: OHIO FUNERAL DIRECTORS MEETING, MARCH 4

Gentlemen:

We previously called and made arrangements to have the film on the Hokule'a shown for the OFDA at the Kuilima Hyatt, 8:00 p.m., Sunday, March 4, 1979. When we were making our arrangements, we were advised that a member of the original crew would be the speaker accompanying the film.

This letter is the written confirmation of our request, which you suggested should be mailed at a later date. We should also like for you to advise us what specific equipment we will need for the evening. You can contact us at the above address, or call 537-4985 during normal business hours, and ask for Mrs. Blake.

Thank you for your assistance.

October 13, 1978

Dear Mr. Bell and Mr. Stirling,

The Hawaiiana class would like to give you, and the other members of Polynesian Voyaging Society our deepest mahalo for your guest appearance at Roosevelt High School on October 6, 1978.

We really appreciated your time and effort for presenting to us your knowledge and experiences on the Hokule'a. We are also very pleased to have been informed on several things the film on the Hokule'a was unable to cover. We realized that strength and knowledge are important, but unity and obedience among the group are very essential.

Your presentation has brought great interest and importance to our learnings. As an expression of gratitude, we would like to wish you and the many members of Polynesian Voyaging Society much success in your cultural project.

Alaka and Mahalo nui loa,

Dear Ms Bell,

My Ethnic Studies classes at Kaimuki High School will be at Kualoa on October 4-5-6 participating in activities that involve our island's history, culture and environment. Because Kualoa is a historic site for ancient and modern Hawaiians, I felt it imperative to include the Polynesian Voyaging Society into our program.

May we request a speaker and the film "Hokule'a Launching" for showing on the evening of October 4 at Kualoa? I can arrange for a projector and we will be viewing the film outdoors, weather permitting.

Approximately 50-65 students will be at this camp.

Please confirm your participation by September 18. I can be reached at home [redacted] or at Kaimuki High 732-7711.

Ms. Wailani Bell
Educational Coordinator
[REDACTED]
Honolulu, Hawaii 96818

Dear Ms. Wailani Bell,

I am very interested in having the Polynesian Voyaging Society come to visit Highlands Intermediate School. This would particularly be for my Special Education Social Studies classes. These classes consist of seventh and eighth grade students with Specific Learning Disabilities, Educable Mentally Retarded, and a few that are Emotionally Handicapped. They are of different educational levels, ranging from first grade to seventh grade (tested educational standings).

The seventh grade curriculum for Social Studies is Hawaiiana. We are following this guideline for our Special Education Classes. My classes will be covering geography of the islands and the history of the first peoples to inhabit our islands. It would be very rewarding for these children to be able to have a first hand account of how such a voyage would have been. It would be even more rewarding if they had some visual accounts of the voyage on the Hokulea. Perhaps, as a follow-up, these students could actually visit the docking site of the Hokulea.

If any of this is at all possible, I would like to suggest it be in September, perhaps the week of 25-29. If not, a time at your convenience would be nice also.

Thank you very much for your consideration of this request. Please contact me at Highlands Intermediate School (455-9600). Our department would be most appreciative if such a session could be available to our students.

Sincerely yours,
Elsie K. Gushiken

September 27, 1978

Dear Wailani, Marlene, and Leon,

Thank you very much for coming to our school. As you probably observed, the students were very excited and enthused about your presentations. The film on the Hokule'a was very beautifully done. I felt that the narrator was very clear and spoke slowly so that school-aged children could understand.

Your charts and pictures are just fantastic. I wish that you could come back and explain more about the voyage. A lot of the students have probably never thought of the realities of a long voyage without the comforts of the present. That would be a very good start for a lesson; On my trip to Tahiti I would take _____. Then, a class discussion would follow and everyone could share their suggestions and reasons.

Another lesson might be to have a map of the Pacific showing our islands. Charting the course of the Hokule'a would be an idea. Perhaps, finding how many miles to be traveled and the kinds of weather would be covered also.

In the future, perhaps a ditto of the Hokule'a could be passed out to the students with the parts of her identified.

What kinds of activities did the men aboard the Hokule'a have to keep themselves from monotony? The children might be able to put themselves in a situation similar to this and see what happens. Then, they could write a brief story. (Stay with only 1 person the whole day, or a week. See what happens.)

Thank you again and please keep us informed on any news about the Hokule'a. We would all be very interested. In the future, I hope our classes will be able to see, touch, and experience the Hokule'a.

Sincerely yours,

Mrs. Lili K. Gushiken

Dear Wailani Bell:

Community Quest is alternative program for juniors and seniors of Kailua High School who earn their academic credit by learning in the community.

Our learning station, ON THE WATERFRONT, consisting of eight students and their college intern Dave Kulberg, is interested in viewing your slide show of the first Hokulea voyage.

We request a guest speaker and slide show presentation on Tuesday, October 31st, at 1:00 pm. Our room is P-2.

Please call me at 262-8151 extension 118 if any follow up on our part is needed.

Sincerely,

Diane J. Santiago

Thank you for participating in our Ethnic Studies Workshop on October 4 at Kualoa.

Mr. Leon Sterling's presentation was well received and the students enjoyed the film of Hokulea's launching. Kualoa became historically meaningful to them as they watched modern Hawaiians re-enacting ancient traditions.

We appreciate your educational endeavors on the high school level.

Yours truly,

Sharon Kaohi

November 2, 1978

Dear Ms. Bell,

On behalf of the "contemporary civilization" class at HCC, I would like to express my appreciation for the exceptional presentation that you and Marion gave on Fri., Oct. 27. We found it most interesting and informative. I, for one, became caught up in a little of the excitement that surrounds the Hokule'a and it's voyages. My only regret is that we did not have more time to talk about your projects in greater detail.

We wish you the best of luck in future endeavors of the Voyaging Society and thank you again for sharing your time and information with us.

Sincerely,

Dan Perkins

November 2, 1978

Dear Mrs. Bell,

I called Bishop Museum and set up December 5th as our next scheduled visit date. We couldn't get in any earlier due to their busy and full schedule and our bus obligations. I hope this will be okay with you.

Motor Pool needs the buses back by 9:25 so he wants us to leave by 9:10 sharp. Therefore, the canoe talk on the lanai might be scheduled from 8:50 to 9:05, leaving five minutes to get on the buses. We should be finished with our two, thirty minute sessions in the Bishop Museum by 10:30 and will be brought back at that time.

Thank you very much for all the effort you have put into this excursion.

Rebels,
Kathy Quinn

YVONNE KAIHUA
SEC'T TO COORDINATOR: PALAMA INTER CHURCH COUNCIL

SUBJECT: REQUEST FOR POLYNESIAN VOYAGING SOCIETY PARTICIPATION IN
"HO'IKE HAOULI CELEBRATION" ON NOV. 4TH, 1978.

THE PALAMA INTER CHURCH COUNCIL REQUESTS YOUR PARTICIPATION IN THEIR
HO'IKE HAOULI CELEBRATION ON NOV. 4TH AT 1:00 P.M. TILL 8:30 P.M.
YOUR PARTICIPATION WILL TAKE PLACE BETWEEN 1:00 P.M. TILL 6:30 P.M.
AT 6:30 P.M. THERE WILL BE A LANTERN PARADE FOLLOWED BY DIFFERENT ETHNIC
ENTERTAINMENT GROUPS TILL 8:30 P.M.

WE WILL HAVE A PARISH HALL WHERE YOU CAN SHOW YOUR SLIDE PRESENTATION
AND FILMS. WE WILL SUPPLY YOU WITH A FILM PROJECTOR. THE CELEBRATION
WILL TAKE PLACE AT THE BANYAN MALL AND THE KAUMAKAPILI CHURCH GROUNDS
NEXT TO 720 NORTH KING ST. YOU MAY ALSO HAVE EXHIBITS OUTSIDE ON THE
BANYAN MALL WHICH IS A CITY PARK TO BE OFFICIALLY DEDICATED THIS MONTH.

YOU HAVE OUR PERMISSION TO SELL YOUR BOOKS, TEE SHIRTS AND MEMBERSHIP
CARDS, HOWEVER WE WOULD APPRECIATE A DONATION TO OUR CHURCH OF 20% OF
YOUR PROCEEDS FOR THE DAY.

IN CASE THERE IS A TREMENDOUS RESPONSE OF DIFFERENT CANOE GROUPS AND
OUR CHURCH GROUNDS CANNOT ACCOMODATE EVERYONE WE WILL BE MOVING THE
CELEBRATION TO AALA PARK. WE WILL NOTIFY YOU OF THE CHANGE SHOULD IT
OCCUR.

THIS IS NOT A RELIGIOUS EVENT BUT INSTEAD A HAPPY PEOPLES FESTIVAL FOR
THE PALAMA COMMUNITY. ALL DEPARTMENT OF EDUCATION SCHOOLS IN PALAMA WERE
INVITED TO PARTICIPATE SO WE ARE EXPECTING PARTICIPATION FROM A NUMBER
OF DIFFERENT SCHOOLS.

AT PRESENT WE HAVE FOUR DIFFERENT CANOE CLUBS THAT HAVE ALREADY COMMITTED
THEMSELVES. THEY ARE THE FOLLOWING:

ELEU ALU LIKE KAI (SAND ISLAND)
KANEOME CANOE CLUB (KANEOME)
HUI O KAI KOO (NATATORIUM-WAIKIKI)
HUI O KOOLAULO (KAHANA BAY)

LAST YEARS THEME WAS PANIOLA COUNTRY WITH EMPHASIS ON OLD TIME HAWAI'I.
THIS YEAR OUR THEME WILL BE HAWAIIAN CANOEING.

IF YOU KNOW OF ANY COMMUNITY GROUPS THAT ARE INTERESTED IN MAKING LANTERNS,
PRIZES WILL BE AWARDED FOR EXCEPTIONAL LANTERNS AND LANTERN MAKERS ARE
EXPECTED TO MARCH IN THE LANTERN PARADE.

YOU MAY START SETTING UP YOUR EXHIBITS AT 8:00 IN THE MORNING. PLEASE
CONTACT HENRY AARONA AT KAUMAKAPILI CHURCH.

FOR FURTHER INFORMATION OR CHANGE OF PLANS PLEASE CONTACT 841-6287 AND
ASK FOR PETER OR YVONNE.

MAHALO,

Peter Goodbody

Dec. 4, 1978

Dear Mrs. Bell,

I'd like to request a presentation by
the Polynesian Voyaging Society for the 4th
Graders at Enchanted Lake Elementary School.
We have 3 classes with a total of 90 children.

Topics we would like covered:

1. Origin & Migration of the Hawaiians
where they came from.
why they came.
what they brought.
2. Hokualea
why it was built.
how it was built
The Voyage to & from Tahiti.

Possible dates & times:

Jan. 11 8:30-9:30

Jan. 12 8:30-9:30

Contact person:

Earline Nakamoto

Ph. 261-1220 at school
[redacted] at home.

Mahalo —
Earline Nakamoto

Sept. 14, 1978

Dear Parents,

We will be collecting old newspapers and aluminum and steel cans for the Recycling Center. The earnings for the class will be donated to the Polynesian Voyaging Society for the repairing of the Hōkūle'a. Please stack the newspaper 12" high and secure it with twine or string.

We were visited by Mrs. Bell and Mr. Sterling of the Polynesian Voyaging Society and they gave an excellent lesson on canoes and canoe building. It was then that we learned of the need for financing the repair work of the Hōkūle'a. The class wanted to keep but and this seems like a way that we all can participate.

We hope you will help us make this a successful service project.

Mahalo,
Kathy Linn

Ms. Wailani Bell
Polynesian Voyaging Society
1355 Kalihi Street
Honolulu, Hawaii 96819

Dear Wailani,

As per our telephone conversation on 1/12/79, I am writing to have members of the Polynesian Voyaging Society and of the Hokuleia come to Sunset Beach Elementary School on Friday, February 2, 1979 at 1:00 p.m.

We are in the midst of an ambitious Hawaiian project. Your first hand knowledge of some of the ancient Hawaiian skills in navigation will be most interesting to our students and faculty. We would especially appreciate information on the following questions.

1. What were the reasons for the construction of the Hokuleia and the voyage to Tahiti?
2. Has the fact of the voyage affected the theory of the migration in the Pacific region?
3. What were some of the ancient navigation techniques used by ancient voyagers?
4. What kinds of preparations have to be made for a voyage on a vessel like the Hokuleia?

Our 4th, 5th and 6th graders, a total of 90 children, will be involved in your lecture/discussion. We do have a 16 mm projector available. Please call me or B.J. Wada, our principal, if other arrangements are necessary.

Sincerely yours,

Carmation Correa

Honolulu, Hawaii 96818

Dear Members of the Polynesian Voyaging Society:

Our fourth graders at Kahaluu Elementary School are eagerly studying Hawaiiana in social studies this year. I am writing to ask you if one of your members can help us to enrich our children's experiences by coming to our school and sharing your society's adventures.

We would appreciate having a resource speaker come to our school on February 15th or 16th any time of the day, at your convenience. We have found the time between 8:30 - 10:00 am or 12:30 - 1:30 to be the best for such an activity.

If the above dates are not to your convenience, please call me, Lorraine Mito, at Kahaluu School. Our school number is 239-9137. I will then be happy to return your call and make other arrangements. Mahalo for your kokua and interest in our children.

Sincerely yours,

Feb. 12, 1979

Dear Wailani,

It was a pleasure talking to you the other day. We are hoping that you will be able to come to Nimitz to show us the films that the Society has on the sailing of the Hokulea".

The first week in March looks good on our calendar. Our school day is from 7:55 to 2:05. We have a large block of time from 8:00 to 9:45, which is probably the best time to come. Otherwise we will run into the lunch schedule.

Please let me know what you will need for the presentation. Any A.V. or microphones we have on hand, for your use, is available.

Please let us know which date and what you will need. Perhaps, you can go into detail on the types of food and how they carried a water supply so they are able to relate it to the ancient Polynesians. Our students have studied migration and a little on the food and water.

Hoping to hear from you soon.

Mahalo and Aloha,

Pat Fritzsche

Dear Sir,

My fifth and fifth grade class (14 students in all) are studying the migration of peoples. Naturally, one of the main groups is the Polynesians. We have been to the Bishop Museum; down to the pier to see the Hokulea and have seen Mr. Richards' hand-made replica of that same canoe. We are now in the process of building our own 5 foot double-hulled canoe out of wood and paper mache'.

We certainly would appreciate a guest speaker who could tell us about the Hokulea and its creation and its voyages. We also could use some expert advice on our "new creation".

Any day is convenient with us between 9:00 AM and 11:00 AM and 12:00 PM and 2:00 PM (except March 21, 22 and 23). We thank you.

Mrs. Jean Stepien

re: your conversation w/ Susan Huga

The COUNCIL FOR ENVIRONMENTAL AFFAIRS is a University of Hawaii student organization involved in facilitating environmental awareness on the University campus as well as in the community. It also serves as liason for university, government, and private agencies or businesses involved in environmental issues.

In keeping with these goals, the CEA is planning a program on the Manoa campus on Friday, April 27 to celebrate EARTH DAY. The focus of the program is on exhibits, workshops, and demonstrations emphasizing positive environmental developments such as alternate lifestyles, conservation efforts, renewable-energy technologies, and recycling systems. The celebration is to begin at 10 AM and continue until 2 PM.

We plan to include representative groups from all segments of the community-- business, government, university, and non-profit organizations in order to expose students and the public to environmental concerns on many levels. In turn, we feel that this event will benefit the participating organizations with an opportunity for public and media exposure as well as interaction with other groups.

We hope your organization will join in this celebration and help ensure the success of the event. Attached is a participant questionnaire which we will need returned as soon as possible to schedule a suitable place and time for your group. Any other contribution-- in planning, services, or money -- would be most welcome. We hope to be hearing from you soon. If you have any questions, please call:

Dennis at [redacted] or [redacted]

RE: REQUEST FOR GUEST SPEAKER AT OCT. 19th LUNCHEON

Aloha Carol;

Received your letter, requesting a speaker and a slide presentation of Hokule'a's voyage to Tahiti. We are pleased to know that your club is interested in knowing more about the activities of the Polynesian Voyaging Society.

Our Voyaging Society has been enormously enriched through its association with groups of fine women that are interested in maritime activities, and we appreciate your calling upon us to share our experiences with your group.

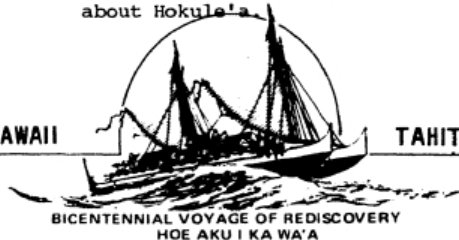

We are trying to touch the lives of those interested in seamanship and we try to cover a wide spectrum of concerns about Polynesian voyaging.

The following are different programs and materials we have to offer:

- FILMAGE:**
- 90 minute film on Hokule'a's voyage to Tahiti by the National Geographic Society.
 - 30 minute film on the Launching of the Hokule'a produced by Tip Davis.
 - 15 minute film on THE COMING OF THE POLYNESIANS produced by George Tahara. Half of the film is about Hokule'a.

HAWAII

TAHITI

SLIDES

- 30 minute slide presentation on the activities of the Hokule'a from her birth to her voyage back from Tahiti.

CHARTS &
VISUAL AIDS

- Maps, photos, large posters, charts, chalkboards, handouts, exercise sheets, etc...on canoe construction, sailing and navigation skills, riggings and lashings, food preparation and plants for sea voyaging, coconut basket weaving and sennit making, bird flight patterns and non-navigational nature signs. Sennit cordage, fishhooks, coconut cups, kukui nuts, samples of lashings and food preparation materials, etc...and other related artifacts.

You may want to consider the different materials we have to offer at our presentations and choose the program you feel will be most functional and effective for your group in the time allotted for your program.

Leon Paoa Sterling, who served as 1st mate on Hokule'a's second voyage to Tahiti will be the guest speaker available on the 19th of October. Leon is also the Vessel Supervisor responsible for refurbishing parts of the canoe presently up at the Kamehameha Schools' Industrial and Workshop Area. Leon's expertise in canoe construction and voyaging skills will serve as an excellent resource for any members that may have questions to ask.

I will be accompanying Mr. Sterling to assist with the presentation. I usually do a five minute presentation on the educational dimensions of our Voyaging Society.

We hope that you will continue to look to us for more resource information on Polynesian voyaging in the future. We are a non-profit organization supported by memberships, donations, grants, public funding, and other monies. Staffing for the PVS is supported by Alu Like. Contributions are always welcome!

We are looking forward to meeting with you on October 19th, at 11:30 a.m. at the Ala Moana Americana Hotel, Summit Restaurant.

RE: REQUEST FOR MORE INFORMATION ON BANKER'S CONVENTION

Aloha Carol;

It was nice speaking with you on the telephone in July as you were interested in knowing more about the availability of different programs that we have on Polynesian Voyaging. As you mentioned per telephone conversation, your group is interested in having our Society put on an exhibit at the Hilton Hawaiian Village on the 22nd, 23rd and 24th of Oct. Are you still interested in our participation at your convention?

Our Voyaging Society has been enormously enriched through its association with groups of fine individuals that are interested in maritime activities, and we appreciate your calling upon us to share our experiences with your group.

We are trying to touch the lives of those interested in seamanship and related activities and we try to cover a wide spectrum of concerns about Polynesian voyaging.

As you mentioned, the last time your group was in Hawai'i, the Hokule'a was being built and Herb Kane, one of the co-founders of our Society spoke to your group. We are pleased to know that your club is interested in knowing more about the activities of the Polynesian Voyaging Society after their seaworthy voyages during the 1976 Bicentennial.

FROM: Willene Wailani Bell
SUBJECT: Lecture presentation on Polynesian Voyaging

Received your letter of Sept. 18, 1978 requesting a speaker on the 5th or 6th of October 1978 from 8:20 to 2:15 p.m. at Roosevelt High School to talk about the Hokule'a and the experiences of the crew.

Leon Paea Sterling will be speaking on Polynesian Voyaging and I will be assisting him. We will be able to come out there on Friday, October 6th at 8:20 a.m.

We will be bringing the film on the Launching of the Hokule'a. Is it possible for you to have a film projector ready for us to use?

If you have any further questions you may reach me at [REDACTED] or at [REDACTED]

SUBJECT: Lecture presentation on Polynesian Voyaging

Received your letter of Sept. 15, 1978 requesting a speaker during the week of Sept. 25-29. Leon Paoa Sterling will be able to come and speak to the children on Sept. 27, 1978, Wednesday. I will be assisting him in the presentation. Please contact me as to the exact time you would like us to come over to speak with your classes.

We will be bringing the film "The Launching of the Hokule'a", and would appreciate it if you could have a film projector available for us to use. We will also have a question and answer period for the children to ask any questions about voyaging.

Yes, we may arrange to have the children come and see our double hulled canoe Hokule'a. At present she still doesn't have her sails and is still being refurbished. She is sitting in the water docked at Pier 12. You can either have the children visit her at the Pier or wait until she is completely refurbished. We can talk further on this decision when we visit your class on Sept. 27th.

If you have any other questions please contact me at [redacted] my home or at [redacted] my office.

Mr. Michael Tongg
President
Polynesian Voyaging Society
1355 Kalihi Street
Honolulu, Hawaii 96819

Dear Mr. Tongg:

As one of the Exploring representatives for the Aloha Council of the Boy Scouts of America, I want to thank Wailani Bell, the Educational Coordinator for the Polynesian Voyaging Society, for helping us at our recent Ninth Annual National Exploring Surfing Conference.

The film on the Hokulea was just great! It opened the minds and hearts of many of our guests from the mainland and Canada to the greatness of the Hawaiian people.

I appreciate the fact that Wailani took the time to come to Fort Shafter on a rainy night with the film. Our Exploring Director, Wes Heu, was also very appreciative.

If there is any way that the Aloha Council of the Boy Scouts of America can be of help to your organization please let me know.

Aloha,

Bob St. Sure

Honolulu, Hawaii 96819

Dear Wailani,

In behalf of our students and teachers, I wish to thank you, Marion Lyman-Mersereau and Marlene Among for coming to present your program to us on February 2, 1979.

The first-hand knowledge and experience you shared with our students about the Hokule'a voyage and Kualoa will be remembered as a valuable contribution toward our efforts in bringing Hawaiiana to our children.

Thank you for your interest and time. We hope you will be able to be a part of our Kualoa Camp experience on March 13-16, 1979. You certainly were instrumental in our endeavors toward making our Hawaiian Culture and heritage a real and living part of our lives.

Again, our sincere thanks and appreciation to all of you. Please convey this to all your people.

Sincerely,

B. J. Wada

FIELD TRIP EVALUATION

In order to gain some insight as to how classroom visitations and field trips to Hokule'a have been working out, the following information was worked out with this one particular group of teachers and students in the 4th grade.

1. The field trip to Hokule'a, at Koko Marina, was a follow-up to work being done in the classroom and visits by myself to this one selected school. Teachers will be using "A Resource Curriculum Guide On Polynesian Voyaging" during the year in their Hawaiian Studies area and will provide an evaluation of its use in the classroom later in the school year.
2. I believe that a classroom orientation prior to a visit to Hokule'a would better enhance the learning situation during the canoe visit. Though I have visited classrooms after a canoe visit, general knowledge beforehand reduces the amount of time lecturing about the canoe at the canoe site. Time is better utilized and more student participation is realized.
3. Teacher feedback reveals that their visit to Hokule'a was most enjoyable and informative. A great deal of learning took place and the teachers are sure that the field trip is one that students and teachers will not forget. One student reported that she and her mother went that very evening to look at the Hokule'a again.
4. Both teachers and I were curious as to further feedback from the students and these comments were stated:

"I felt excited about seeing such a famous ship."

"I was scared."

"It was the first time I ever saw a canoe."

"I was happy."
5. The teachers will be doing more work in regards to the canoe and the attached information are some of the things they have worked out. Again, it would be more appropriate to evaluate some of the areas on the attached enclosure later in the school year.

School: Waiālae, grade 4.
Subject: Hokule'a field trip.
Date: December 10, a.m.
Size: 60 students/teachers & adult supervision.

ENCLOSURE:

Some questions and problems which may arise or may posed.

1. Canoe-building

- a. What kind of wood was used? Where did it come from?
- b. What tools did the Hawaiians have?
- c. How did they hold the parts together?
- d. What did they use to build the hale?
- e. Did the Hawaiians use only double-hulled canoes?
- f. How did they get the finished canoe into the water?
- g. What did they use for bailing water out?
- h. What part did religion play in canoe-building?
- i. Why were canoes so important to them?

2. Food

- a. What was the food stored in?
- b. How was water stored?
- c. How is poi made?
- d. Why was the fish and fruit dried?
- e. Why were a pig and a dog taken on the Hokule'a's voyage to Tahiti? Also chickens?
- f. How could they build a fire on the canoe without burning the canoe?
- g. What parts of the coconut tree were used?
- h. How might they have used the ti plant?
- i. How did the early Hawaiians catch their fish?
- j. Could the early Hawaiians have caught fish on the way? What did they use? Could they catch enough to live and survive on long trips?

3. Clothing

- a. What clothing did the Hawaiians have?
- b. What did they use to protect themselves from rain? What about high seas and spray on the ocean?
- c. When it was cold, did they use blankets?

4. Recreation

- a. What games could they have played on their voyages?
- b. What could they have done for recreation besides playing games?

ENCLOSURE: ACTIVITIES

1. Make a model of an adze.
2. Make sennit.
3. Learn a paddling chant.
4. Try some coconut weaving.
5. Find the major compass directions by using your shadow. Compare it with a compass.
6. Find the direction North by using the sun or stars.
7. Make an ipu for storing food or clothing.
8. Make poi.
9. Dry some fish or fruit.
10. Taste coconut, coconut water, coconut milk.
11. Learn the Hawaiian names for some common foods.
12. Make imitation tapa.
13. Test ti leaves to see if they repel water.
14. Play konane.
15. Make and use a pala'le.
16. Read some Hawaiian legends.
17. Tell a legend to a group.
18. Painting, drawing, mural making.
19. Dramatization.
20. Creative writing.
21. Making reports.

Ideas for Creative Thinking -

1. Your parents tell you that the family is moving to a strange land over 2,000 miles away. You will travel by canoe. The canoe has no electricity or gas. There are no modern instruments or machines. What do you think, and how do you feel, about going on this trip?
2. You are on the way. It is day, but the sky is dark. Black rainclouds are moving closer and closer. The wind is blowing hard. The waves are getting bigger and steeper. How do you feel? What do you do?
3. Everyone has just finished supper. They are sitting around, watching the sunset. What are the grownups talking about? What are the children doing?
