

President Michael Tongg
POLYNESIAN VOYAGING SOCIETY
1355 Kalihi
Honolulu, Hawaii 96819

July 7, 1979

Dear Mike:

I felt I should inform the Polynesian Voyaging Society via the written word that I am interested in being a crew member on future Holuke'a voyages.

I made an immediate confirmation during a telephone call to Ms. Among soon after receiving the official announcement.

Please indicate when the Maui training program will be scheduled and any other pertinent information I may need to know regarding crew training requirements.

I am pleased to learn that the various committees and activities are progressing so well. The news letters are informative and timely.

Thank you for your communication.

Aloha No,

Sam Kaai

Dear Michael,

Thank you for your letter of May 22, 1979.

I would like to be considered in the crew selection process
for the 1980 voyage to Tahiti.

I do plan to take part in the crew training program that will
begin on Monday June 11, 1979.

Sincerely,

Steve Somsen

Mr. Michael A. Tongg
President
Polynesian Voyaging Society
Box 6037
Honolulu, Hi. 96818

Dear Mike,

It is with deep regret that I will not be able to participate in the training program for crewing on the Hokule'a. Being that all the training classes are held in Honolulu it would be very tough on me financially to be able to attend. I am very interested though in whatever training classes or inter-island sailing classes that would be offered to outer island candidates. Would you definitely let me know when and where such classes would be held. We are planning to move back to the Big Island (Hilo area) sometime during the month of July. If you have any information for me as to the classes, it can be sent to our address here on Maui which I will list below.

Debi joins me in sending our aloha to you and all the members of our Hokule'a family. We are the happy parents of a beautiful, healthy baby girl, born February 13, and whose hawaiian name is Le'a!

Our best to everyone,

Wedemeyer Au

Micheal A. Tongg
President, Polynesian Voyaging Society
P. O. Box 6037
Honolulu, Hawaii 16818

Dear Micheal (and Mar):

I appreciate the invitation to participate in the training program for prospective crew members of Hokule'a. Having sailed twice to Tahiti and extensively in Hawaiian waters, I feel that I may qualify. Furthermore, with experience in documentary photography and cinematography in adverse conditions (ocean and river), I feel that I might serve the Society in a documentary capacity as well.

Unfortunately, however, a previous filmwork commitment in Mangareva, French Polynesia, makes it impossible for me to attend the training course this summer. Should my plans change, should a training program be offered at another time, or should the Society require my documentary skills and, therefore, choose to offer me some sort of abridged training program at another time, I would be honored to participate, schedule permitting. At this time I must decline.

Thanks much for this opportunity.

Sincerely and Aloha,

Dear sirs;

It is with deep regret that I will not be able to participate in the Hokule'a crew training program. Due to personal, school, and business commitments I would not be able to devote the necessary time to become a crew candidate. I sincerely appreciate the offer but I realize that, unfortunately, I could not keep to the training schedule you have arranged. My best wishes to your organization and to the selected crew of the Hokule'a. Aloha.

Yours Truly,

Robert H. Rice Jr.

MEMO To Chairman, Steering Committee 2 May, 1979
 Polynesian Voyaging Society

FROM Kyselka, Rothwell, Somsen, Stroup, Thompson

SUBJ Recommendations for Crew Candidate Training Course

We transmit herewith the results of two meetings during which the crew training schedule contained in the Proposal and Plan for Hokule'a Voyage to Tahiti and Return, 1980, was examined and revised.

We would like to emphasize that the attached material was developed as the minimum practical level of instruction that would at the same time be possible to achieve in the short time available between now and the date (1 October 1979) when two voyaging crews must be selected.

Although no attempt was made to detail an advanced course for selected crews, we feel that several topics listed in the Proposal and Plan were inappropriate for a primary course, and should be included in the advanced course. Among these are radio communication, first aid, practical navigation, recording and documentation of the voyage and of experiments, care and control of food and water, and certain emergency procedures.

We would also like to suggest some other thoughts we had while discussing training:

1. It is very important that this training program be started as soon as possible, preferably by June 4. This will require that candidate selection be made without delay.
2. Since in effect we are conducting a school, we should select a principal. We recommend Jan Dill.
3. Instructors should be encouraged to develop lecture notes in advance of each class session, and each session should be tape-recorded. This has two benefits: to help outside island candidates and those who cannot attend all sessions; and to form a syllabus for later training and for community education purposes.

*use to
summary
Specialists*

4. It will be necessary to evaluate each student. Because conventional classroom evaluation such as tests and quizzes may be inappropriate, instructor evaluation will be required. In addition, it will be possible to form evaluations during day sails and overnight sails. Whatever form of evaluation is used, it should be coordinated with the Crew Selection Committee, which in any case will have the final say.

5. We also recommend that development and conduct of this training course be coordinated with the education committee.

Respectfully submitted:

Guy Rothwell

Nancy Middlesworth

4 hours

9. Birds and Marine Life:

30 July
Migratory birds. Species, routes and seasons.
Inshore birds. Species and habits.
Identification. Use of pictures, stuffed
birds if possible. Significance in navigation.

*Dr. Aubrey Berger
Cress Apple
U.H.
Fish b
Hama*

Instructor: to be selected.

2 hours

10. Health:

Aug 1st
Physical and emotional well-being under stresses
of voyage.
Do's and don't's. Food, sleep, exposure, what to do
in case of illness.

Instructors: Charman Akina, Ben Young, *The Ruaiwa* 2 hours

11. Research:

24 June
Research goals of voyage. Basis of experimental
design. Techniques. Recording and documentation.
Research product. Significance of research results.

11. Research (continued)

Instructor: G. Rothwell

2 hours

12. Review:

Last 3 weeks of August
A total of eight hours has been provided for review of material presented. Scheduling and method of presentation are left to the instructors to arrange by mutual agreement.

Included in this time is student evaluation. Further discussion is needed to determine a suitable method for evaluation, due to the very wide range of educational backgrounds expected among the students.

13. In addition to evening classroom sessions, it is recommended that all students in the primary course obtain at least one session on the vessel at dockside, one day sail, and one overnight sail during the course. Because these "practical" sessions will be subject to weather and individual commitments, scheduling will have to be done 'on the fly' during the course.

14. Evaluation: The purpose of the primary course is twofold: First, to provide a common background of knowledge among all the crew candidates, and Second, to assist in evaluation of each candidate for later crew selection. For these reasons, it should be emphasized to each candidate that his attendance at all or as many sessions as possible, is very important.

Notes:

Suggested classroom schedule is 2 hours Monday evenings and 2 hours Wednesday evenings, allowing shift to other nights by agreement among candidates and instructors.

A total of 36 hours of classroom time is listed. In addition, two late night field trips, a morning dockside session, a one-day sail, and a two-day sail are included.

Use of the Planetarium at Bishop Museum and classroom space at Kamehameha Schools is required.

Instructors should be strongly encouraged to prepare lecture notes in advance for handout to candidates.

Notes (continued)

Instructors listed with each session are tentative: not all of those named have been contacted to determine their willingness to serve.

SUBJ: 1980 Voyage

Aloha,

There will be a crew orientation meeting on Saturday, February 9, at 9:00 A.M., at Bishop Estate, Kawaiahao Plaza, 567 South King Street, 2nd floor. The meeting will cover the following:

- a) Protocol in Tahiti - Siegfried Ramler
- b) Research Requirements - Dixon Stroup
- c) What is Expected of the Crew while on board
Hokule'a - Captain Gordon Piianaia
- d) Training Itinerary - Jan Dill
- e) Documents

Training sails have also been scheduled immediately following the orientation meeting and all day Sunday. You will be reviewing the use and location of the safety equipment and man overboard procedures.

It is imperative that you make all efforts to be on Oahu during this time to insure the success of this voyage.

The Polynesian Voyaging Society will be supplying the following to the selected crew:

- a) foul weather gear
- b) airfare to Tahiti - one way
- c) living expenses for one week while in Tahiti
- d) film (with stipulations, which will be explained to you at the meeting)
- e) airfare to and from Oahu when participating in PVS/Hokule'a business beginning February 1, 1980

(Please mail your receipts to me for reimbursement.)

Departure to Tahiti will be from Hilo after March 3, and again these details will be explained to you at the orientation meeting. The Steering Committee is presently working on accommodations for your stay in Hilo.

Look forward to seeing you, and if you have any questions, make a list, and please bring them up at the meeting. We might be overlooking some important items and your input would be appreciated.

P.S. A work party has been scheduled for February 2 and 3, please be at Pier 12 at 9:00 A.M.

SUBJ: PASSPORTS

Everyone must have a current passport before departing Hawaii. It will take approximately one week to process your passport.

The Honolulu Passport Agency is located at the new Federal Building, 300 Ala Moana Blvd., First Floor, Room C-106, Courthouse section. The agency hours are from 8:00 A.M. to 4:00 P.M., Monday thru Friday.

On the neighboring islands, passport applications may be made at the following post offices: Maui - Lahaina or Kahului, Kauai - Lihue, Hawaii - Hilo or Kailua, Kona.

When you apply for your passport you must have acceptable evidence of U. S. citizenship, so bring the following documents:

- 1) valid driver's license
- 2) certified birth certificate; or
- 3) previous U. S. passport
- 4) 2 duplicate photos, full face in black and white or color against a light plain background, 2" square

The cost will be \$14.00 payable in cash (exact change) or check payable to "Passport Office." For those of you who will be renewing your passport the cost is \$10.00.

Your passport

Your passport will be valid 5 years from the issue date.

Please ask for a receipt and mail it to the PVS office, Box 19000 A, Honolulu, Hawaii 96819, so you can be reimbursed.

Vaccinations are not required by the Health Department. Visa required for stay over 30 days. (If you plan to stay over 30 days, call me for further information.)

For insurance purposes, I need to have as soon as possible your date of birth. Enclosed is a self-addressed stamped envelope which you can use to send me your birth date and receipt. If you have any questions, call me at the office 841-3966 or at home 259-7000.

Congratulations to all of you and thank you for making this project a success. Aloha.

Note, Your airline tickets are being processed thru this office, and will be given to you close to the time of departure.

25

May 19, 1980

Ms. Lita Blankenfeld

Aloha Lita:

Please feel free to call the office, 841-3966,
or my home [REDACTED] after 6:30 P.M. and anytime
on the weekends for reports regarding Hokule'a
and the crew.

Received a code S2, which means that Bruce caught
a fish. The media asked me what kind, told them
it was a 10 lb. ahi. (Such lies!)

Again, if I can be of any help while Bruce is
away just call.

Ms. Daniela Aiu

Aloha Danita,

I will be in touch with the Coast Guard twice daily obtaining status reports on Hokule'a and Ishka. Please feel free to call the office after 9:30 A.M., 841-3966 or my home after 6:30P?M?, [REDACTED] for the latest reports on Hokule'a and the crew. During the weekends, call me at home anytime.

Steve Somsen, crew member, has worked out codes to be passed on to the Society. For example, F 31 means Pat Aiu sends a very warm aloha to family.

I am also charting the progress of Hokule'a, so as time goes on, visit the office and get a visual feel as to the whereabouts of Hokule'a.

Again, please feel free to call me and I look forward to hearing from you.

Me ke aloha pumehana,

Marlene Among
Administrative Secretary

(The office has a code-a-phone, so leave a message after the tone, and I'll return yourccall.)

32

March 17, 1980

Mr. Harry Ai Ho, Sr.

Aloha Mr. Ho,

I will be in touch with the Coast Guard twice daily obtaining status reports on Hokule'a and Ishka. Please feel free to call the office after 9:30 A.M., 841-3966 or my home after 6:30 P.M., [REDACTED] For the latest reports on Hokule'a and the crew. During the weekends, call me at home anytime.

Steve Somsen, crew member, has worked out codes to be passed on to the Society. For example, H 31 means Harry sends a very warm aloha to family.

Again, please feel free to call me and I look forward to hearing from you.

Me ke aloha pumehana,

Marlene Among
Administrative Secretary

(The office has a code-a-phone, so leave a message after the tone, and I'll return your call.)

33

March 17, 1980

Mrs. Milton Bertelmann

Aloha Mrs. Bertelmann,

I will be in touch with the Coast Guard twice daily obtaining status reports on Hokule'a and Ishka. Please feel free to call the office after 9:30 A.M., 841-3966 or my home after 6:30 P.M., [REDACTED] for the latest reports on Hokule'a and the crew. During the weekends, call me at home anytime.

Steve Somsen, crew member, has worked out codes to be passed on to the Society. For example, D 31 means Shorty sends a very warm aloha to family.

Again, please feel free to call me and I look forward to hearing from you.

Me ke aloha pumehana,

Marlene Among
Administrative Secretary

(The office has a code-a-phone, so leave a message after the tone, and I'll return your call.)

March 17, 1980

Mrs. Ginny Kaai

Aloha Ginny:

I will be in touch with The Coast Guard twice daily obtaining status reports on Hokule'a and Ishka. Please feel free to call the office after 9:30 A.M., 841-3966 or my home after 6:30 P.M., [REDACTED] for the latest reports on Hokule'a and the crew. During the weekends, call me at home anytime.

Steve Somsen, crew member, has worked out codes to be passed on to the Society. For example, J 31 means Shorty sends a very warm aloha to family.

Again, please feel free to call me and I look forward to hearing from you.

Me ke aloha pumehana,

Marlene Among
Administrative Secretary

(The office has a code-a-pphan, so leave a message after the tone, and I'll return your call.)

- 2 - Watch cap
Visor or hat
- 2 - Sweater
- 2 - Long pants
- 2 - Long sleeve shirt (should be light weight and preferably light brown or blue)
- 4 - T-Shirt
- 4 - Shorts (2cotton and 2 nylon)
Slippers or deck shoes or diving booties
Toilet articles (toothbrush/toothpaste etc.)
Coconut oil (or some type of body oil)
Woolen gloves

All the above items must be contained in your two buckets (excluding your sleeping bag).

POLYNESIAN VOYAGING SOCIETY

SAILING ORDERS

As stated in the Charter of Incorporation, the purpose of the POLYNESIAN VOYAGING SOCIETY is to conduct research on Polynesian voyaging and to disseminate the results of that research to the scientific community and to the general public. To carry out that purpose the Society has built Hōkūle'a, a reconstruction of an ancient Polynesian voyaging canoe, in order to conduct research experiments on Polynesian voyaging.

The vessel, Hōkūle'a, official number 571798, was registered at the port of Honolulu on March 23, 1976, weighing a registered gross tonnage of 7.61 and a registered net tonnage of 7. The vessel is classified as a sail catamaran. The operating owners of the vessel is the POLYNESIAN VOYAGING SOCIETY, P.O. Box 19000 A, Honolulu, Hawaii 96819.

PURPOSE:

The purpose of the voyage is to sail Hōkūle'a from Hawaii to Tahiti and return to Hawaii to conduct experiments sanctioned by the POLYNESIAN VOYAGING SOCIETY, and to document the voyage and the experiments as best as possible. It is also the intent of the POLYNESIAN VOYAGING SOCIETY to allow more people to share in the experiences of long voyaging aboard the Hōkūle'a and to build a cadre of persons to sail the vessel in Pacific waters. It is also the intent to encourage cultural exchanges with other Pacific Island peoples.

RESEARCH EFFORT:

The primary goal is to learn more about the process of non-instrumental navigation as applied between the Hawaiian Islands and the Society Islands of French Polynesia.

A Hawaiian young man has been selected by the owners to navigate the vessel without the use or aid of any modern instruments. It is understood that the departure points and times have been selected by the Navigator and Research Committee. It is further understood that research in the navigational process does not consider historical and traditional information.

Other research to be conducted by individuals, and not the responsibility of the Research Committee, include testing ancient fishing techniques and the transport of selected native plants from Hawaii to Tahiti.

The Research Committee does encourage the keeping of journals, and whatever data that may benefit their research efforts. A documentor will tape and record the navigational information using a system to be devised by the Navigator, documentor and recorder aboard the escort vessel..

It is understood that all documentation and research done on the vessel will become the property of the POLYNESIAN VOYAGING SOCIETY.

PROCEDURES:

1. The Master, as representative of the owners, is the final authority and is responsible for the safety of the crew and canoe.

2. The Master shall depart the Hilo area when he deems both vessel and crew ready for sea. Weather permitting, departure will occur on or about the 3rd of March 1980.

PROCEDURES: (continued)

3. The Navigator is responsible for navigating the vessel Hokule'a between the Hawaiian Islands and French Polynesia, the final port of destination being Papeete, Tahiti. All officers and crew will support the Navigator in his efforts to safely reach his final destination. Major course changes, visiting other ports or islands before arrival in Tahiti, and termination of the navigational effort shall be determined by the Master. (See navigational parameters).

4. In the event that the Captain/Master is unable to carry out his responsibilities at sea or in French Polynesia, the First Mate is authorized to fill the role and position of Captain/Master. In the absence of the Captain/Master ashore in French Polynesia, the First Mate is the authorized representative of the Captain/Master.

5. The stay in Tahiti shall be no more than four (4) weeks depending on the seaworthiness of the vessel and the crew, and taking into account the weather conditions. Departure from Tahiti will be on or about the 1st of May. The final destination will be the Hawaiian Islands.

6. The crew will have the responsibility of repairing and preparing the vessel for the return trip to the Hawaiian Islands. Repairs completed and time permitting, the vessel will visit other districts in Tahiti. The owners of the vessel are responsible for housing and feeding the crew for one (1) week. The owners of the vessel will also provide transportation back to Hawaii at the end of one week.

RESPONSIBILITIES:

- It is agreed between the owners of the vessel Hokule'a and the Master, other officers and crew that the vessel will depart the Hawaiian Islands in early March for French Polynesia with one crew and return to the Hawaiian Islands (as close to the planned time as possible) with a new crew.

- It is further agreed that the owners will provision the vessel for sea and provide foul weather gear for all hands.

- It is further agreed that the owners will provide each crew member with food and shelter for one (1) week in Tahiti and one way air transportation either to Tahiti or to Hawaii, depending upon what trip the participant is assigned to.

- It is further agreed that the presence of dangerous weapons, the drinking of alcohol, the use of drugs, and sex is strictly forbidden and prohibited aboard the vessel by the owners.

- It is further agreed that going ashore in a foreign port is prohibited except by permission of the Master.

On behalf of the Polynesian Voyaging Society, the Selection Committee wants to express our "aloha" to you and all of the crew candidates for your kokua in putting together Hokule'a's next sail to and from the South Pacific. We also want to say that all candidates are considered qualified crew members, if not for this sail, than for other future sails.

The Selection Committee found it most difficult to have to limit the size of the crew because of space requirements. It was additionally difficult since we know that all of you would represent the Polynesian Voyaging Society and the people of Hawaii well wherever you may go. In spite of the above, the following were selected for the up and coming sail to and from the South Pacific:

To Tahiti

Aiu, Pat
Baybayan, Chad
Bertleman, Shorty
Ho, Harry
Kaai, Sam
McGuire, Michael
Piailug, Mau (Advisor)

Piianaia, Gordon (Captain)
Somsen, Steve
Sterling, Jo-Anne
Sterling, Leon (First-Mate)
Taupu, Tava
Thompson, Nainoa (Navigator)

(The above scheduling of crew is tentative and subject to possible changes.)

POLYNESIAN VOYAGING SOCIETY

January 23, 1980

TO: CREW AND ALTERNATES
FROM: MAR
SUBJ: PASSPORTS

Everyone must have a current passport before departing Hawaii. It will take approximately one week to process your passport.

The Honolulu Passport Agency is located at the new Federal Building, 300 Ala Moana Blvd., First Floor, Room C-106, Courthouse section. The agency hours are from 8:00 A.M. to 4:00 P.M., Monday thru Friday.

On the neighboring islands, passport applications may be made at the following post offices: Maui - Lahaina or Kahalui, Kauai - Lihue, Hawaii - Hilo or Kailua, Kona.

When you apply for your passport you must have acceptable evidence of U. S. citizenship, so bring the following documents:

- 1) valid driver's license
- 2) certified birth certificate; or
- 3) previous U. S. passport
- 4) 2 duplicate photos, full face in black and white or color against a light plain background, 2" square

The cost will be \$14.00 payable in cash (exact change) or check payable to "Passport Office." For those of you who will be renewing your passport the cost is \$10.00.

Your passport will be valid 5 years from the issue date.

Please ask for a receipt and mail it to the PVS office, Box 19000 A, Honolulu, Hawaii 96819, so you can be reimbursed.

Vaccinations are not required by the Health Department. Visa required for stay over 30 days. (If you plan to stay over 30 days, call me for further information.)

For insurance purposes, I need to have as soon as possible your date of birth. Enclosed is a self-addressed stamped envelope which you can use to send me your birth date and receipt. If you have any questions, call me at the office 841-3966 or at home [REDACTED].

Congratulations to all of you and thank you for making this project a success. Aloha.

P.S. Your airline tickets are being processed thru this office, and will be given to you close to the time of departure.

Dear Hokule'a Crew Candidate:

As we enter into a period of extensive crew training, we seek the full cooperation and commitment of each crew candidate.

Attached are the following documents which you should carefully read:

- a) Guidelines for Crew Selection
- b) Training Schedule

Please check the training schedule and note the times that you have been selected to go on crew training sails.

You will be expected to arrive promptly at 8:30 A.M. on each day of a crew training sail at Pier 12, Honolulu Harbor. You should plan to arrive at this time regardless of any weather conditions that might prevail.

Please be sure to call the PVS office to confirm your sailing date no later than Thursday of the week in which you are scheduled to sail (841-3966) and the best time to call is 9:30 A.M., or my home before 8:00 A.M. [REDACTED].

Look forward to seeing all of you and mahalo for your cooperation in making the 1980 voyage to Tahiti a success.

Me ke aloha pumehana,

Marlene

TO: CREW CANDIDATES
FROM: CREW SELECTION COMMITTEE
SUBJ: GUIDELINES FOR CREW SELECTION

Basic Missions:

1. Increase cultural exchange between Hawaii and other Islanders of the Pacific
2. Document non-instrumental navigational experience
3. Increase participation opportunities for peoples of Hawaii

Qualifications of personnel to achieve the above:

1. Compatible with one another
2. Disciplined and loyal to the captain
3. Has required seamanship including safety skills

In addition to the above:

1. Special skills may be required such as fishing, cooking, steering, medical, documentation, etc.
2. Preference to be given to those who meet the above qualifications and who have:
 - a) Residency in the State of Hawaii
 - b) Sailing experience on the Hokule'a and who did not sail to and from Tahiti during the first voyage
 - c) Demonstrated interest in and commitment to the furtherance of the objectives of the Polynesian Voyaging Society

52

Page Two

Evaluation Process to Determine the above Qualifications:

Item

1. Personal Interviews-B. Cassiday
 2. Medical Reports-C. Akina
 3. Attendance at Training Sessions
 - * 4. Seamanship Evaluations-G. Piianaia, N. Thompson,
M. Piailug
 5. Peer Evaluations
- * Please refer to the attached schedule as provided by Marlene. In addition it is recommended that each candidate be given a seamanship station training and safety manual.

Discussion:

It is important that all candidates be given as much opportunity to participate in the total training program before final selection is made. It is therefore important that the following are completed:

1. Medical examinations
2. Seamanship evaluations
3. Peer evaluations

In regards to items 2 and 3, it seems imperative that these be completed by January 15, 1980. Final crew selection will be January 16, 1980. This will provide the crew with 1½ months of intensive preparation and training time before the earliest departure date of March 3. Item 3 will be accomplished simply by asking each candidate to "List the 12 people with whom you would like to sail."

The following dates have been adopted:

- 1) Final Selection date - January 16, 1980
- 2) Departure date from Hawaii - not earlier than March 3, 1980
- 3) Return date to Hawaii - no later than May 1, 1980

SUBJ: WEEKEND SAIL

Friday, September 21 - Monday, September 24, 1979
Friday, October 5, - Monday, October 8, 1979

The Crew Selection Committee requires all crew candidates to participate in one of the above weekend sails. Please note that there is a possibility that you might not return to port until Monday evening. So please make all the necessary arrangements with your place of employment.

Estimated time of departure from Pier 12 for both sail dates will be 6:30 P.M. and you are expected to be at Pier 12 PROMPTLY at 5:30 P.M.

Captain Gordon Piianaia will be giving you further details on voyage preparation on Monday, September 10, 1979, 7:30 P.M. Kamehameha School, Keoua 101.

A sign-up sheet will be circulated at your class on Monday, August 13, 1979.

For the outer island candidates, please indicate on the attached sheet which sail you will be able to participate in and return your reply in the self-addressed envelope. At this time, outer-island candidates will be expected to provide their own round-trip transportation to Honolulu for the sail.

If you have any questions, please call me at the office or at home.

Mahalo.

SIEGFRIED RAMLER

Dear Hokule'a Crew Candidate:

Please let this letter serve as an invitation to participate in a comprehensive training program for prospective crew members of the Hokule'a. Next fall a planned open-ocean voyage from Hawai'i to Tahiti and return is planned. It is our purpose to develop a cadre of trained crew, from which crew for this and other voyages can be drawn.

It is hoped that you will consider this invitation both as an opportunity and as a responsibility. You will have the opportunity to learn new skills, to improve on skills that you already have, and to share your knowledge with others.

If you choose to accept this invitation, you will have the responsibility of having made a serious commitment to the Hokule'a, the members of the Polynesian Voyaging Society, and to the people of Hawai'i.

Several training courses will be offered for your benefit. These classes will be conducted in at least six different locations: Classroom studies at Kamehameha School on Oahu, at the Bishop Museum-Planetarium in Honolulu, Field Studies for star identification at Makapuu Point and Kaena Point, Oahu, dockside on board the Hokule'a at Pier 12, Honolulu Harbor, and training cruises on board the Hokule'a. For neighbor Island candidates who cannot make attendance on Oahu other arrangements will be worked out. (Alu Like can provide the training.)

The classroom work will be held two nights a week, Monday and Wednesday nights starting Monday, June 11, 1979. We will normally meet for two hours starting

HAWAII

TAHITI

BICENTENNIAL VOYAGE OF REDISCOVERY
HOE AKU I KA WA'A

Page Two
May 22, 1979

promptly at 7:30 P.M. We expect to meet for classroom studies for ten consecutive weeks. (Please refer to the enclosed schedule of courses). Prompt attendance at all sessions will be expected.

We require that you bring to class on June 11th, the following:

- 1) Medical Clearance (if you have been examined by your physician within the last six months)
- 2) A minimum of \$2.00 for membership fees to the Polynesian Voyaging Society (all who board Hokule'a must become members of the Society for liability coverage)

Training voyages on the Hokule'a at sea and dockside classes on the Hokule'a will be held on weekends. While you will not be required to sail every weekend, you should keep in mind the value of training time at sea on board the Hokule'a.

Final crew selection will be made in October of 1979 to determine two crews: one to sail to Tahiti in March of 1980. Another crew will guide the Hokule'a back to Hawai'i in June of 1980. Advanced training for the two crews chosen to make the voyages will begin in October and continue until the time of the voyage.

Please consider this carefully and let us know of your intentions by mail or by telephone no later than Monday, June 4, 1979.

Sincerely,

Michael A. Tongg

Aloha Pat:

Welcome to the ohana of the Polynesian Voyaging Society.

Happy to hear that you will be participating in the crew training program. I will keep you advised as to the schedule for the training program for outer island candidates.

Please fill out the enclosed forms and return to the PVS office.

Mahalo for your interest, and if you have any questions please don't hesitate to call or write.
